Accident Cover

An Accident is an unforeseen event, occurring by chance and caused by an unintentional and external force or object resulting in involuntary hurt or injury to the body, which requires treatment by a Medical Practitioner or a Hospital Emergency department within 48 hours of the accident.

Accident Cover provides temporary hospital coverage for services that are normally Restricted or Excluded if the hospital treatment is required for injuries that are sustained in the Accident.

Out of Pocket Expenses

Please be aware that there are a range of circumstances which may result in you incurring out of pocket expenses, even if a service is included in your cover. We encourage you to call us to discuss your cover, and how to manage out of pocket expenses before you are admitted to hospital.

Important Information

Waiting Periods

When you first join see-u or upgrade your cover to include new services, there's a period you'll need to wait before you're able to claim certain services.

If you're transferring from another health fund, any waiting periods you've already served with your previous health fund for the same services will be recognised on an equivalent see-u cover. Please refer to the see-u Member Guide for more information on transferring from another health fund.

This table shows the waiting periods that apply to different services:

There is a \$50 per night Co-Payment to a maximum amount of \$250 per admission on this product. The Co-Payment does not apply to same day admissions.
